

# Book an Author Visit with Bonnie Kelso

## Dexter: The Stand Up Dog

**As seen on The Today Show's Jenna & Friends!**

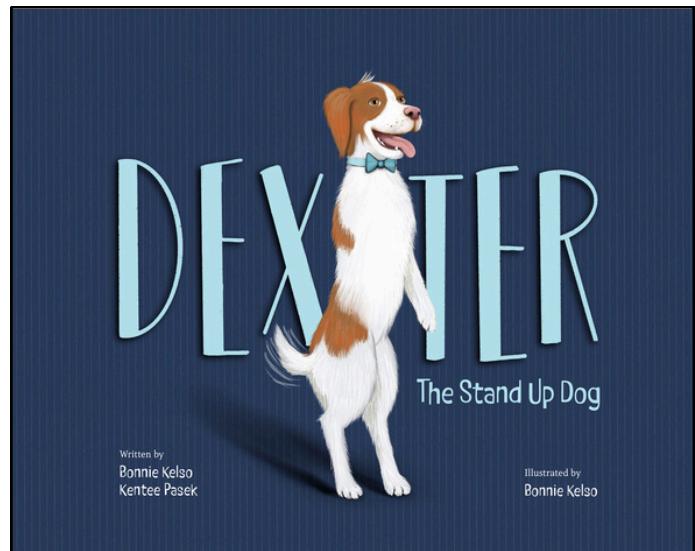

Injured in a terrible accident, Dexter lost one front leg and the use of the other, but survived and adapted to walking on two legs, becoming a worldwide Internet sensation. **Dexter: The Stand Up Dog** tells an amazing story of perseverance and determination as unique and heart-warming as Dexter himself. Bonnie will share Dexter's story and guide students through a paw print drawing exercise.

Las Vegas author-illustrator, Bonnie Kelso, shares her new release with young students, inspiring them to take every challenge one Dexter-step at time.

Bonnie is available for half-day visits (\$300) which includes one or two presentations, or full-day visits (\$500) which includes up to four presentations. Each presentation runs 30 minutes long.
